

**PUBLIC WORKS, WATER &
WASTEWATER TREATMENT
SUPERINTENDENT**

Town of Trappe

Full-time

Duties to include:

The Superintendent supervises, directs, and oversees all work performed by employees assigned to Public Works, Water Treatment and the Wastewater Treatment Plant. The Superintendent ensures continuity and compliance of the plant's operations 24 hours a day. Performs efficient and effective operations and maintenance of water treatment and distribution and wastewater treatment plants. Prepares and submit all required operation reports to local, State, and Federal entities. Develops and submits monthly plant performance reports to the Maryland Department of the Environment and applicable regulatory agencies. Superintendent will also perform all duties as an operator and perform other duties as assigned. Superintendent must obtain and maintain all necessary certifications as a Water and Wastewater Superintendent to operate such Water Treatment and Distribution facilities and Wastewater Collection and Treatment facilities as are in use by the Town. Already licensed, a plus! Required to work rotating weekends and holidays. Excellent benefits package. Salary will be commensurate with experience. The Town of Trappe is an Equal Opportunity Employer. Discrimination based on age, race, sex, handicap or national origin is expressly prohibited.
